Khanty-Mansiysk

The best city to visit today

✓ You are planning on visiting Russia? Then you need to see Khanty-Mansiysk. It's a small Russian city, but totally worth visiting.

When you arrive to Khanty-Mansiysk, you will be welcomed by many friendly people. In this city you can travel by this interesting vehicle, like marshrutka, or by buses or even car. Or you can just walk on your foot. There are many places, where people go to eat. Cooking robots are fully integrated in these places, so it's easier to order food, and it will be cooked faster as well as tastier. Here people also come to work on their laptops. For example, there are lots of programmers in the city making new software to make life easier. After you eat, you need to see the city itself as it's special places.

Khanty-Mansiysk has saved a lot of their old buildings, so it looks unique, compared to other cities. There are many places to visit. Here are some of the most popular of these: the Stella, where you can look at the statues of extinct species of animals, like mammoths and hairy rhinos; the city center, where most of events take place and the forest, where you can relax and unite with the nature.

I hope you will visit this city and enjoy being in there as long as you can. See you in Khanty-Mansiysk!

A city to begin with

Looking for a city to spend your weekend in? Or maybe you are interested in longer vacation in a comfortable town? This guidebook about Russia will provide many options for everyone.

Russia has many beautiful cities, but here I will tell you about the one I recommend to begin your journey with. In my opinion, you should first go to Saint-Petersburg, the so-called northern capital of Russia. You can ~~get~~ arrive in Saint-Petersburg on a plane, on a ship, on a train, or using your personal vehicle. The city has a lot of world-famous sights, and, luckily for those who like walking, they are all integrated in the urban environment and are mostly located in the city centre. For those who more like vehicle travelling, there is a river tour around the city on small boats and caters.

Saint-Petersburg is also a ~~very~~ major place for Russia's software development industry. It is because the city has some of the best universities in Russia and most of the tech companies have offices in Saint-Petersburg that give students a place to work.

In conclusion, I would say that Saint-Petersburg is a great city to start your travel around Russia. It has something for every type of tourist.

This is only the beginning of the guidebook about Russia. Continue reading to learn more about tourism in cities and towns of Russia.
